WHO IS PROJECT MOBILITY

Project Mobility is the charitable arm of The Bike Rack in St. Charles. Project Mobility's mission is to make a positive difference in the lives of children, adults and wounded soldiers with disabilities. This is made possible by providing the services, resources, and equipment needed to promote better health, independence, and the freedom of mobility through adaptive cycling.

Project Mobility started in 2002 by Founder Hal Honeyman. Hal's interest in "adaptive cycling" - bicycles for people with disabilities - was spurred because his own son Jacob has Cerebral Palsy. Hal wanted to find a way for Jacob to join the family when bicycle riding. After Jacob's needs were met, Hal found a demand for adaptive cycling and this led to the formation of Project Mobility: Cycles for Life.

2018 YEAR IN REVIEW

We supported **15 soldier rides with wounded veterans**, this is such an amazing ride to be a part of. We get to give some freedom back to the individuals who fought for our freedom. We provided **47 adaptive bike days and in-services** with many different disability organizations, hospitals and schools across the country. We went to **19 different states and traveled over 25,000 miles!**
